

“A Historic Past”

“A Bright Future”

**NOTICE OF REQUIREMENTS NEEDED BEFORE ATTENDING A
DELAWARE CITY PLANNING COMMISSION MEETING:**

All residents requesting a subdivision, rezoning, or variance must submit two (2) sets of drawings to Town Hall five (5) days prior to the Monday of your scheduled Planning Commission Meeting.

- The first set of measured drawings must show the property and building(s) as it currently exists
- The second set of measured drawings must depict the proposed changes to the property and building(s) and what the property will look like after the changes occur

Drawings do not need to be to scale for initial consideration.

The requirement will give the Planning Commission enough time to review your plans prior to the meeting and help expedite their decision.
