<sup>1</sup> This special meeting (called by the City Manager pursuant to Delaware City Charter Section 3-12) is being called on less than seven days' notice pursuant to 29 Del. C. § 10004(e)(3) because funding for the street program has just become available and the City learned today that paving would begin next week on a previously scheduled project. Council needs to make a determination regarding whether the City's new paving recommendation should coincide with the previously scheduled paving project for cost savings (and to minimize disruption in the City), and such a decision needs to be made on or before October 29, 2018. Notice of the special meeting was provided as promptly as possible under the circumstances, as the City only had six days' notice of the need for prompt action. Votes may be taken on all items on the agenda.
